Letter No. B3-GFL-13113/62-63 D/19-6-63 of the CCF.

D: No. 5074/63.

Ptd is for perusal.

The report of the DFO, Dharwar & the C.F. Belgaum may also be perused. The DFO has recommended for the release of certain area in favour of the Applicants; whereas, the C.F., is not in favour due to the fact that the percentage of forest in Dharwar Dt., is below 10%. Also in view of the directions issued from time to time, the CCF also has recommended rejection of the request of the Applicant

========

The report of the C.C.F.(p.u.d.) with enclosures may kindly be perused. This is a request from Bovies of Hallur, Hirekarur Taluk for grant of land in S. No.79 and 80 of Hallur. Both the C.C.F. and the C.F. are not for this grant and have recommended for the rejection in view of low percentage area of forest 4

in Dharwar District. The Dist.Forest Officer, Dharwar Division has recommended that S.Nos. indicated in his report may be granted for cultivation purposes stating that there are no trees either of reserved or unreserved species except in one of the S.Nos. and that the grazing position of the village is ~~already~~ reported to be quite good and it is not likely to be affected adversly if the S.Nos. are given for cultivation. He has only ~~th~~ stated that S.No. 80 should not be given because it would create forest boundary awkward. In these circumstances, it appears to be desirable to take a decision after the spot inspection by the Hon'ble Minister for Forests as the area required is for a good cause.

11 I have since inspected the area and have had consultations with the concerned. The whole question needs a human approach. The request of the Bovies is for the release of the forest lands in survey numbers 51, 65, 66, 67, 68, 79 and 80 for cultivation. All these survey numbers belong to Hallur village. These Bovies have no means of living and their old customs and practices of fishing etc., have disappeared long back. They are entirely dependent on agricultural labour for their living. It is, therefore, necessary that this most backward and landless class has to be encouraged to make a civilised living by granting them some lands for cultivation.

12 Forest survey numbers 51, 65, 66, 67 and 68 lie adjascent to the cultivated lands and being flat are quite suitable for agricultural purposes. There is practically no tree growth of any kind on these lands. As could be seen from the report of the Divisional Forest Officer, Dharwar, the forest boundary is also awkward and by releasing the above survey numbers, it could be straightened. In fact, the forest area in Survey No. 50 has been released for cultivation in favour of Harijans in the past. I have personally inspected the lands given to the Harijans where they have grown chillies and cotton. This goes to show that these survey numbers are capable of yeilding good crops of cotton and chillies.

13 The grazing position of the village will not be affected as there is sufficient land available

Note.—Contn. Sheet

for that purpose. This small loss of forest land could easily be made up by taking revenue waste lands in the District. I also understand that the Forest Department is making progress in taking over such lands. More Over, there is no suitable area in the vicinity of this village for granting lands to these poor people.

14 Since there is a precedent in having released some area in survey number 50 to the Harijans, it will be in all fairness that these poor Bovies are also treated in the same manner. These Bovies are 33 in number. For all these reasons, and in view of the fact that no forest development activities are contemplated in this area, I suggest that the lands totalling 86 acres and 7 guntas in Forest Survey numbers 51, 65, 66, 67 and 68 be released for cultivation to the applicants instead of keeping the area idle.

15 Grant of lands in Survey numbers 79 and 80 may be dropped since they are not fit for cultivation being rocky and situated in a deep gradient.

Hon'ble Minister for Forests may please consider the above facts and pass suitable orders.

Sir,

Subject:-Request of the Bovis of Hallur, Hirekerur taluka for grant of lands in S.No.79 and 80 of Hallur.

Ref:-Your No.B-3-GFL-13113/62 dated 13-2-1963 and 5/9-4-1963 and telegram dated 2-6-1963.

I am submitting herewith application of the Bovis along with the letter No.FOP/GFL/431-209 dated 8-5-1963 of the Divisional Forest Officer, Dharwar (in duplicate) for favour of perusal. The undersigned does not agree with the recommendations of the Divisional Forest Officer for the fact that the percentage of forest ~~xxxx~~ to land area is below 10% in Dharwar District. According to the Orders contained in G.O.No.AFD 18 FGN 60 of 11-4-1960, release of forest lands for cultivation is not considered. The request of the applicants may (kindly) be recommended for rejection in view of the above facts.

Subject:- Request of the Bovis of Hallur Taluka Hirekerur for grant of F.Sy.Nos. 51, 65,66,67,68 & 80 of Hallur taluka Hirekerur for cultivation.

No. FOP/GFL/431/209 of 1963-64.
Dharwar, 8 /5/1963.

To

The Conservator of Forests,
Belgaum Circle, Belgaum.

Ref :- Your No. FOP/GFL/DWR/1045/12/62-63 of 23-8-1962 addressed to the Range Forest Officer, Hirekerur and your Nos. FOP/GFL/DWR/6364/62-63 dated 6-5-63 and FOP/GFL/DWR/63-64/dated 1-5-1963.

In resubmitting herewith the application of the Bhovis of Hallur requesting for grant of F.Sy.Nos. 51,65,66,67,68 & 80 of Hallur taluka Hirekerur for cultivation I have to report as under :

All the above Six F.Sy.Nos. measuring 99-A & 9 Gunthas are in-charge of Revenue Department. The configuration of Sy. Nos. 66,67,68 & 80 is almost flat with gentle slope of 5° in some places. They are fit for cultivation. In Sy. Nos. 51 & 65 there are slopes and ditches in some part and there is fear of Soil erosion if these are given for cultivation. There are no trees either of Reserve or unreserved species in any of these Six Sy.Nos. The grazing position of the village is reported to be quite good and it is not likely to be affected adversly if the Sy.Nos. are given out for cultivation. Grant of Sy. No. 80 will create the forest boundary awkward. So, I cannot recommend for release of this Sy.No. from Forest point of view. I recommend that the following areas, out of those applied for, may be granted for cultivation in favour of the applicants.

Sy. No.	Area recommended.		
	A		Gs.
68	14	=	14
67	17	=	30
66 Part	7	=	20
65 Part	8	=	20
Total	48	=	04

The areas proposed to be given are shown in the sketch enclosed. Part of Sy.Nos. 66 and 65 are proposed to be given instead of the whole Sy. Nos. with a view to forming the forest boundary straight.

These areas are not required for afforestation purpose.
